Location: Center of Big Cypress National Preserve

Size: approximately 27,420 acres (as of 1800 5/7/11)

Percent Contained: 35% Cause: lightning

Number of Personnel: 358

Date started: 04/26/2011

Estimated Containment Date: 5/18/2011

Injuries to Date: one (minor)

Aircraft: 4 type 1, 1 type 2, and 2 type 3 helicopters Equipment: 11 fire swamp buggies, 21 engines

Crews: 3 type 1, 2 type 2 Initial Attack

#### **General Information/Announcements:**

The National Park Service has established incident priorities that include firefighter and public safety, protecting private property, threatened and endangered species and their habitat, and natural and cultural resources. NPS resource advisors continue to work with crews to assess resource impacts and appropriate firefighting tactics.

It is unlikely that smoke will affect visibility on the highways today.

### **Today's Activity:**

Fire was of low intensity yesterday, due to afternoon rain. Crews will hold and improve containment lines on the southwest and northeast flanks of the fire, while indirect line preparation continues on the northwest flank. Burnouts will be implemented on the southwest and southeast flanks, weather permitting, to stay ahead of fire advancing to the south. Along the south side of the fire, if fuels dry sufficiently, burnout will proceed north from the containment line parallel to U. S. 41. Structure protection activities will continue around hunting camps and residences. Additional structures will be assessed for possible structure protection.

#### Closures/Advisories:

The Preserve is closed west of Oasis Visitor Center to Turner River Road, south of I-75 and north of U.S. 41. This closure includes the Florida National Scenic Trail within the area and the Oasis ORV access.

#### **Public Safety Message:**

Please be aware of and observe area closures in effect due to aerial and firefighting operations. Drivers on U.S. 41 and I-75 should exercise extreme caution due to smoke and fire vehicle traffic.

Fire information is being posted in Everglades City and at sites along U. S. 41 and I-75.

## Partners/Cooperators

U. S. Fish and Wildlife Service, Florida Panther National Wildlife Refuge, Everglades National Park, U.S. Army Corps of Engineers, Seminole Tribe of Florida, Ochopee Fire District, Everglades City Fire District, Florida Division of Forestry, Florida Fish and Wildlife Conservation Commission, Florida Dept. of Environmental Protection, Collier County Sheriff's Department, Collier County Emergency Operations Center, Collier County Health Department.

The Southwest Area Incident Management Team took responsibility for fire suppression on 5/1/2011. The team is managing the fire under the direction of Big Cypress National Preserve, a unit of the National Park Service.
